A magical place where memories are made forever.

We have a unique rustic property with a romantic pagoda overlooking Owharoa Falls. It is the perfect location for your ceremony and we have extensive grounds providing numerous photo opportunities.

Brad and his team will serve mouth-watering dishes to impress your guests and you can tailor the menu for your special day to suit your personal preferences. We are fully licensed with an extensive bar list which includes award winning wines to share with friends.

The barn style dining with its open fire place is in keeping with the rest of the property so whether it's a summer or winter wedding the venue can work to fit in with your plans.

We also have two charming cottages to choose from, providing the bride and groom (or guests) with a delightful place to stay (we even provide a delicious home-made breakfast the following morning). The price for these cottages are included in our package.

There is also a great children's playground should the younger guests need entertaining.

We invite you to experience our beautiful property, The Falls Retreat for yourselves – come try the food or take a look around. We look forward to welcoming you here.
